Java, Dart, Python, C#, JavaScript, SQL

Mobile App Development:
Flutter, Firebase (Firestore, Authentication), RESTful APIs, Responsive Design

---

FULL STACK JAVA & FLUTTER DEVELOPER | WEB & MOBILE APP DEVELOPER

Motivated and meticulous software developer with a solid foundation in full stack development, specializing in Java and Flutter. Enthusiastic about learning new technologies and building practical solutions. Recently completed a Flutter internship developing cross-platform mobile apps. I'm seeking opportunities where I can grow as a developer and contribute to real-world projects in web and mobile environments.

EXPERIENCE

Flutter Developer Intern
Roseance Oy – Remote | Oct 2024 – Dec 2024
- *Developed Android & iOS app with Flutter and Firebase.*
- *Conducted market research for beauty salons in the U.S.*
- *Collaborated remotely using Slack and GitHub.*

Web Developer Intern
Sisustuskliniikka.fi – Kerava | Feb 2024 – May 2024
- *Designed and developed a business website using **WordPress**.*
- *Customized themes, created pages, and integrated essential plugins.*
- *Gained practical experience in client communication and frontend structure.*

Java Mentor
Wisequarter – Remote | 2022
- *Mentored students in **Java programming** during a 75-hour intensive bootcamp.*
- *Supported learners with core Java, OOP, and real-world projects.*

Full Stack Java Developer Trainee
Techproed – Online | 2021
- *Completed a comprehensive course on **Full Stack Java Development**.*
- *Gained hands-on experience with Spring, Hibernate, RESTful APIs, and frontend tools.*
- *Built and deployed sample full stack applications.*

Police Officer
Turkish National Police | 2006 – 2016
- *Served in various roles with responsibilities in public safety and crisis management.*
- *Developed strong discipline, communication, and teamwork skills.*

Web Technologies:
HTML5, CSS3, JavaScript, JSP & Servlets, Bootstrap, React.js

Frameworks & Libraries:
Spring Framework (Spring Boot, Spring MVC), Hibernate

Database:
MySQL, Firestore, SQLite, Database Design & Management

Tools & Platforms:
Git, GitHub, VS Code, IntelliJ IDEA, Trello, Slack, Figma

Other:
Version Control, Agile Workflow, API Integration, Clean Architecture (MVVM, MVC)

LANGUAGE SKILLS

Turkish: Native
English: B2 – Comfortable with technical discussions and documentation
Finnish: B2 – Able to communicate in daily and professional contexts.

PROJECTS

Multilingual Todo App
Flutter, Firebase, MVVM

- Cross-platform task management app with support for Turkish, English, and Finnish.
- Features include user authentication and real-time data sync with Firestore.
- Built using MVVM architecture and modular code structure.

Weather App
Flutter, REST API

- Displays real-time weather data using OpenWeather API.
- Implements responsive UI and city-based search functionality.
- Optimized for both Android and iOS.

Movie Explorer
Flutter, TMDB API

- Multilingual movie app using The Movie Database API.
- Role: Project manager and developer in a collaborative team.
- Integrated dynamic UI and API-driven data fetching.

Zikirmatik App
Flutter

- Simple digital counter app inspired by traditional tasbih tools.
- Includes vibration feedback, reset, and increment functionalities.

Classic Game Clones
JavaScript, Kaboom.js

- Created browser-based clones of Super Mario Bros, Space Invaders, and Zelda.
- Focused on game physics, sprite animations, and user interaction.

Portfolio Website
HTML, CSS, Bootstrap

- Personal portfolio website built with modern frontend technologies.
- Fully responsive layout and project showcase.
- Hosted on GitHub Pages: *ziyaaddinyaramis.github.io*

Banking System
Java, JDBC

- Console-based banking application simulating account management and transactions.
- Integrated with MySQL using JDBC and object-oriented programming.

Hotel Management System
C#

- Desktop application for managing room reservations, customer data, and billing.
- Developed using C# and Windows Forms.

Python Mini Projects
Jupyter Notebook

- Basic Python exercises including control structures, file handling, and functions.
- Based on University of Helsinki's MOOC program.
